Dear Sir:

The undersigned, an attorney registered to practice before the U.S. Patent and Trademark Office (USPTO) and representing the applicants in the above-identified patent application do hereby state and affirm that the content of the paper copy of the "Sequence Listing" in the present application is believed to be identical to the computer readable copy submitted on April 25, 2001 in the parent case U.S. Patent Application No. 09/513,775, filed February 25, 2000. The previously submitted computer readable copy was believed to be compliant with all of the requirements under 37 C.F.R. §1.821.

Therefore, in lieu of filing a duplicate computer readable form in the present application, applicants request the use of the compliant computer readable "Sequence Listing" that is already on file.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Sara D. Vinarov", written over a horizontal line.
